Experience days and campus tours help you settle into student life

Emily, Italian | Progressed to: BBA International Business / AUAS

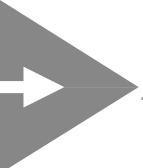

"I really like Amsterdam, and the experience of studying abroad. I like the challenge of studying in another language. Induction week was very interesting, because we could meet other ONCAMPUS Amsterdam students. We were given useful information about arriving in a new city. We did some fun activities to break the ice and get to know each other."

Throughout the year

Our support before you arrive is just the beginning. Not only do you have access to all the standard things you'd expect – your own personal tutor, small tutor groups and our online academic platforms (such as Moodle) – you'll also find the following:

- **Academic support:** We'll make sure you stay on track with your study plan, meeting any targets and setting up additional academic support if you are struggling in any area.
- **University integration:** To prepare you for a smooth progression to the University of Amsterdam, there is plenty of activity to make you feel part of the University from day one. Heads of Faculty presentations, experience days, campus tours and the ability to join sports and social groups are just a few.
