

University of Southampton specific progression requirements for postgraduate degrees available for OnCampus students.

Progression degree	Award	Cognate degree requirements	Progression requirements	Additional progression req. (e.g. interview, portfolio etc.)	English language progression requirements
Accounting and Finance	MSc	Accounting, Auditing or any degree programme with at least seven modules in accounting or auditing. Accounting qualifications such as ACA / ACCA / CIMA also accepted on a case-by-case basis	60% overall		Minimum of 65% overall (with minimum of 65% in Reading and Writing and a minimum of 60% in Listening and Speaking)
Accounting and Management	MSc	No specific subjects	60% overall		Minimum of 65% overall (with minimum of 65% in Reading and Writing and a minimum of 60% in Listening and Speaking)
Acoustical and Vibration Engineering	MSc	Engineering, Science, Physics, Mathematics, Mechanical, Electronic or Electrical Engineering.	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Actuarial Science	MSc	Strong Mathematics background - degrees with both maths and statistics modules	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Advanced Chemical Engineering	MSc	Chemical Engineering, Environmental Engineering, Engineering (Mechanical Engineering, Electrical Engineering, Civil Engineering) and Technology, Applied Chemistry	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Advanced Mechanical Engineering: Computational Engineering and Design	MSc	Civil Engineering, Engineering design, Mechanical engineering, Aerospace engineering, Automotive engineering	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Advanced Mechanical Engineering: Engineering Materials	MSc	Materials Science, Engineering, Chemistry, Mechanical Engineering, Aerospace Engineering, Civil Engineering	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)

Advanced Mechanical Engineering: Mechatronics	MSc	Mechatronics, Electrical engineering / Electronic engineering, Aerospace engineering, Mechanical Engineering, Automotive engineering, Bio/Biomedical/ Medical Engineering – check modules.	70% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Advanced Mechanical Engineering: Propulsion and Engine Systems Engineering	MSc	Mechanical engineering, Aerospace engineering, Automotive engineering, Vehicle Engineering.	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Aerodynamics and Computation	MSc	Aerospace Engineering Will accept other Engineering, Applied Mathematics, Computer Science, Physics degrees but must have Aerodynamics or Fluid Dynamics content.	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Applied Geographical Information Systems and Remote Sensing	MSc	Geography, physics, geomatics, environmental science, ecology, biology, geology, computer science, surveying engineering, urban & rural planning.	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Applied Linguistics for Language Teaching	MA	English, Linguistics, Modern Languages or another relevant discipline. Also Translation and General Languages – if linguistic related units are shown on transcript	60% overall	Minimum of 2 years professional experience (post-degree award) required	Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Applied Statistics	MSc	Strong Mathematics background	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Archaeology	MSc	Archaeology, Anthropology, Geography, Biology, History or a related discipline	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Archaeology (Bioarchaeology)	MSc	Archaeology, Anthropology, Geography, Biology, History or a related discipline	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Archaeology (Higher Archaeological Practice)	MSc	Archaeology, Anthropology, Geography, Biology, History or a related discipline	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)

Archaeology (Palaeoanthropology)	MSc	Archaeology, Anthropology, Geography, Biology, History or a related discipline	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Artificial Intelligence	MSc	Computer Science, Computer Engineering, Software Engineering, Artificial Intelligence, Maths with Computing or Information Technology	70% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Audiology	MSc	Appropriate Science or Healthcare Subject (including Psychology)	60% overall	Interview	Minimum of 65% overall (with minimum of 65% in Reading and Writing and a minimum of 60% in Listening and Speaking)
Audiology with Clinical Placement	MSc	Appropriate Science or Healthcare Subject (including Psychology)	60% overall	Interview	Minimum of 65% overall (with minimum of 65% in Reading and Writing and a minimum of 60% in Listening and Speaking)
Biodiversity and Conservation	MSc	Environmental Sciences, Geography, Zoology, Oceanography, Biology, Geology, Physics	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Biomedical Engineering	MSc	Acceptable: Biomedical Engineering, Mechanical Engineering, Physics, Maths, Audiology, Aerospace Engineering, Automotive Engineering, Engineering Materials, Mechatronics, Electrical Engineering, Electronics Engineering, Chemical Engineering, Bioengineering (engineering content)	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Business Analytics and Finance	MSc	Mathematics and physical sciences, economics, finance, engineering, computer science, or similar. Evidence of quantitative study required	60% overall		Minimum of 70% overall (with minimum of 65% in Reading, Writing, Listening and Speaking)
Business Analytics and Management Science	MSc	Mathematics and physical sciences, economics, finance, engineering, computer science, or similar. Evidence of quantitative study required	60% overall		Minimum of 70% overall (with minimum of 65% in Reading, Writing, Listening and Speaking)
Business and Heritage Management	MSc	Degree in any subject that has included assessed written academic work in an appropriate subject	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)

Business Strategy and Innovation Management	MSc	Business, economics, science, engineering, IT, management and marketing, communication, education, political science, sociology or similar	60% overall		Minimum of 65% overall (with minimum of 65% in Reading and Writing and a minimum of 60% in Listening and Speaking)
Chemistry	MSc	Chemistry, or a closely related subject. The degree must have had a minimum chemistry content of 50%. Closely related subjects are: Biochemistry, Physics, Polymer Science, Environmental Sciences, Material Science, Mathematics and Chemical Engineering.	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Chemistry by Research	MSc	Chemistry, or a closely related subject. The degree must have had a minimum chemistry content of 50%. Closely related subjects are: Biochemistry, Physics, Polymer Science, Environmental Sciences, Material Science, Mathematics and Chemical Engineering.	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Civil Engineering	MSc	Civil engineering Geotechnical/Structural engineering	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Civil Engineering with Integrated Qualifying Year	MSc	(1) Any Engineering degree (e.g. Mining Engineering, Environmental Engineering) (2) Mathematics, Physics or Physics related (i.e. Astrophysics)	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Communication Design	MA	No specific subjects	60% overall	Portfolio review	Minimum of 65% overall (with minimum of 50% in Reading, Writing, Listening and Speaking)
Computer Science	MSc	Computer Science, Computer Engineering, Software Engineering, Media Technology, E-Business or Information Technology	70% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)

Contemporary Curating	MA	Management, Business, Administration, HR, Public Relations, Communication, Media, Marketing, Advertising, Journalism, Art and Design, Fine Art, Art History/History, Applied Science, Engineering, Architecture, Social Sciences, Sociology, Psychology, Politics, Law, Literature, Philosophy, Languages/Linguistics	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Creative Writing	MA	English literature or a related subject	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Cultural Heritage Studies	MA	Degree in any subject that has included assessed written academic work in an appropriate subject	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Cultural Heritage Studies (Heritage and Museums)	MA	Degree in any subject that has included assessed written academic work in an appropriate subject	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Cultural Heritage Studies (Heritage and Public History)	MA	Degree in any subject that has included assessed written academic work in an appropriate subject	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Cultural Heritage Studies (Heritage and the Arts)	MA	Degree in any subject that has included assessed written academic work in an appropriate subject	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Cyber Security	MSc	Computer Science, Computer Engineering, Cyber Security, Information Technology, Electronic Engineering or Software Engineering	70% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Data and Decision Analytics	MSc	Quantitative background required (e.g. computer science, engineering, economics, maths, physics, statistics)	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Data Science	MSc	Computer Science, Computer Engineering, Software Engineering	70% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Demography	MSc	Population Studies, Quantitative Techniques, Qualitative Techniques, Population Studies, Geography, Stats, maths, Economics, Politics, Sociology, Health Science, Other Social Studies	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)

Design Management	MA	Management, Business, Administration, Media, Marketing, Advertising, Art Design (Industrial Design, Product Design, Comms Design, Graphic Design), Fine Art, Art History/History, Applied Science, Engineering, Architecture, Social Sciences, Sociology, Psychology, Politics, Philosophy	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Digital Business	MSc	No specific subjects	60% overall		Minimum of 65% overall (with minimum of 65% in Reading and Writing and a minimum of 60% in Listening and Speaking)
Digital Chemistry	MSc	Chemistry, Physics, Materials Science, Chem Eng. Will consider Mathematics degrees, or any combination of these degrees with computer science or software development. The degree must have had a minimum chemistry content of 30%.	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Digital Marketing	MSc	Business, management, or marketing	60% overall		Minimum of 65% overall (with minimum of 65% in Reading and Writing and a minimum of 60% in Listening and Speaking)
Digital Media Practices	MA	Communication, digital media, history, history of art, journalism, media art, music, performance art, philosophy, photography, politics, sociology, theoretical media.	60% overall	Portfolio review	Minimum of 65% overall (with 60% in Reading, Writing, Listening and Speaking)
Digital Strategy and Information Systems	MSc	Business, management, economics, computer science, information technology, engineering, chemistry or other similar	60% overall		Minimum of 65% overall (with minimum of 65% in Reading and Writing and a minimum of 60% in Listening and Speaking)
Economics	MSc	Mathematics, Statistics, Economics, -Engineering, Data Science, Computer Science, Physics Looking for evidence of strong background in quantitative techniques (mathematics or statistics) & interest/commitment to economics (theoretical, applied or policy).	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)

Education	MSc	Subjects in Education, Social Science, Sociology, Psychology or any subject if experience of teaching/working in education or with a UK QTS or PGCE qualification. Minimum of 8 weeks teaching experience needed (usually not older than 2 years)	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Education Management and Leadership	MSc	Subjects in Education, Social Science, Sociology, Psychology or any subject if experience of teaching/working in education or with a UK QTS or PGCE qualification. Some relevant experience (usually approx. 2 years) in Management/Leadership either within an educational setting (e.g. school or local authority) or their education background (i.e. degree in Education). Clear rationale for choosing this programme and /or relevant background.	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Education Practice and Innovation	MSc	Education, Social Science, Sociology, Psychology or any subject if experience of teaching/working in education or with a UK QTS or PGCE qualification. Some relevant experience in education practices and/or innovation either within an educational setting (e.g. school or local authority) or their education background (i.e. degree in Education). Clear rationale for choosing this programme and /or relevant background.	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Electrical Power Systems	MSc	Electrical Engineering or Electronic Engineering	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Electrochemistry and Battery Technologies	MSc	Chemistry, or a closely related subject. Closely related subjects are: Biochemistry, Physics, Polymer Science, Environmental Sciences, Material Science, Mathematics, Chemical Engineering, Electrical Engineering and Electronics.	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Electronic Engineering	MSc	Electronic Engineering or a closely related subject	70% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)

ELT/TESOL Studies	MA	English Language/Literature, Foreign Language/Literature, Linguistics, Translation, English Education, Foreign Language Teaching Course only available to applicants who are newly qualified/have less than 2 years' relevant work experience	60% overall		Minimum of 65% overall (with 60% in Reading, Writing, Listening and Speaking)
Energy and Sustainability: Energy, Resources and Climate Change	MSc	Biology, Oceanography, Geophysics Engineering, Mathematics, Chemistry, Civil Engineering (transportation and environmental), Physics, Architecture, any science subject. Also accepted along with A level Maths: Geography or Environmental Science, and their degree incorporates a significant mathematical component, including calculus.	60% overall		Minimum of 65% overall (with minimum of 65% in Reading and Writing and a minimum of 60% in Listening and Speaking)
English Language Teaching TESOL	MA	English Language/Literature, Foreign Language/Literature, Linguistics, Translation, English Education, Foreign Language Teaching Minimum of 2 years professional experience (post-degree award) required	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
English Literary Studies	MA	English literature or a related subject	60% overall	Sample of written work, approximately 2,500 words to be submitted with application. Work should be a piece of academic writing related to English literary studies and which shows evidence of some research.	Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)

English Literary Studies (Eighteenth Century)	MA	English literature or a related subject	60% overall	Sample of written work, approximately 2,500 words to be submitted with application. Work should be a piece of academic writing related to English literary studies and which shows evidence of some research.	Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
English Literary Studies (Nineteenth Century)	MA	English literature or a related subject	60% overall	Sample of written work, approximately 2,500 words to be submitted with application. Work should be a piece of academic writing related to English literary studies and which shows evidence of some research.	Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
English Literary Studies (Postcolonial and World Literatures)	MA	English literature or a related subject	60% overall	Sample of written work, approximately 2,500 words to be submitted with application. Work should be a piece of academic writing related to English literary studies and which shows evidence of some research.	Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)

English Literary Studies (Twentieth Century and Contemporary)	MA	English literature or a related subject	60% overall	Sample of written work, approximately 2,500 words to be submitted with application. Work should be a piece of academic writing related to English literary studies and which shows evidence of some research.	Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Environmental Consultancy	MSc	Environmental Sciences, Geography, Zoology, Oceanography, Biology, Geology, Physics	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Environmental Monitoring and Assessment	MSc	Environmental Sciences, Geography, Zoology, Oceanography, Biology, Geology, Physics	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Environmental Pollution Control	MSc	Environmental Sciences, Geography, Zoology, Oceanography, Biology, Geology, Physics	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Fashion Design	MA	No specific subjects	60% overall	Portfolio review	Minimum of 60% overall (with minimum of 50% in Reading, Writing, Listening and Speaking)
Fashion Management	MA	Management, Business, Administration, HR, Public Relations, Communication, Media, Marketing, Advertising, Journalism, Art History/History, Social Sciences, Sociology, Psychology, Politics, English Literature, Philosophy, Fashion Design and Textile Design	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Fashion Marketing and Branding	MA	Management, Business, Administration, HR, Public Relations, Communication, Marketing, Advertising, Journalism, Art History/History, Social Sciences, Sociology, Psychology, Politics, Economics, Architecture, Literature, Philosophy, Fashion Design and Textile Design	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Film and Cultural Management	MA	Arts-related subject or Social Sciences	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)

Film Studies	MA	Arts-related subject	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Finance	MSc	Economics, Finance, Mathematics, Science, Management, Engineering or similar Evidence of quantitative study	60% overall		Minimum of 65% overall (with minimum of 65% in Reading and Writing and a minimum of 60% in Listening and Speaking)
Finance and Econometrics	MSc	Mathematics, Statistics, Economics, -Engineering, Data Science, Computer Science, Physics Looking for evidence of strong background in quantitative techniques (mathematics or statistics) & interest/commitment to economics (theoretical, applied or policy).	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Finance and Economics	MSc	Mathematics, Economics, Finance, Management, Engineering, Data Science, Computer Science or Physics Looking for evidence of strong background in quantitative techniques (mathematics or statistics) & interest/commitment to economics (theoretical, applied or policy).	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Fine Art	MA	No specific subjects	60% overall	Portfolio review	Minimum of 60% overall (with minimum of 50% in Reading, Writing, Listening and Speaking)
Foundations of Clinical Psychology	MSc	Psychology or appropriate conversion course (www.bps.org.uk) Need to have experience of working in a mental health setting and an interest in cross-cultural issues	60% overall		Minimum of 70% overall (with minimum of 65% in Reading, Writing, Listening and Speaking)
Genomics	MSc	Life Sciences, Computer Science, Medicine, Nursing	60% overall		Minimum of 70% overall (with minimum of 65% in Reading, Writing, Listening and Speaking)
Genomics (Informatics)	MSc	Life Sciences, Computer Science, Medicine, Nursing	60% overall		Minimum of 70% overall (with minimum of 65% in Reading, Writing, Listening and Speaking)

Genomics (Medicine)	MSc	Life Sciences, Computer Science, Medicine, Nursing	60% overall		Minimum of 70% overall (with minimum of 65% in Reading, Writing, Listening and Speaking)
Gerontology	MSc	No specific subjects	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Global Advertising and Branding	MA	<p>Management, Business, Administration, HR, Public Relations, Communication, Media, Marketing, Advertising, Journalism, Social Sciences, Sociology, Psychology, Politics, Critical Writing, Philosophy</p> <p>Art Design can cover a wide range of subject areas, many of which would not provide a suitable background for applicants. As GAB is not a 'design' programme the word 'Design' should not denote suitability of the applicant, however, a background in visual communication, design communication or graphic design would be suitable providing the applicant is fully aware that the GAB programme is not a practice based Creative programme, but as a 'management programme', more involved in advertising and branding strategy and theory. Refer Art History applicants to PL</p>	60% overall		Minimum of 65% overall (with 60% in Reading, Writing, Listening and Speaking)
Global Health	MSc	Broader field of social, behavioural, health and medical sciences: Public Health, Medicine, Social Sciences, Behavioural Sciences (Psychology), Geography, Population Sciences, Demography, Epidemiology, Basic/applied Sciences, Health Science, Nursing, Pharmaceutical Sciences, Statistics, Mathematical Sciences, Law, Management, IT, Web Sciences, Engineering and Environmental Science	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Global Literary Industries Management	MA	Any Humanities, Business or Social Science subject	60% overall		Minimum of 65% overall (with 60% in Reading, Writing, Listening and Speaking)

History	MA	History, English, Politics, Economics, Sociology, Film Studies, European Studies and Languages	60% overall		Minimum of 65% overall (with 60% in Reading, Writing, Listening and Speaking)
Human Resource Management	MSc	Social sciences such as business admin, communication, economics, education, government, linguistics, political science, sociology, or similar	60% overall		Minimum of 70% overall (with minimum of 65% in Reading, Writing, Listening and Speaking)
International Banking and Financial Studies	MSc	Accounting, Economics, Finance, Maths, Management, Engineering or similar Evidence of quantitative study required	60% overall		Minimum of 65% overall (with minimum of 65% in Reading and Writing and a minimum of 60% in Listening and Speaking)
International Commercial and Corporate Law	LLM	Degree in Law (or a degree with a substantial legal components with very good grades)	60% overall		Minimum of 70% overall (with minimum of 65% in Reading, Writing, Listening and Speaking)
International Criminology and Criminal Justice	MSc	Criminology, Sociology, Social Policy, Politics, Law studies, Social Science subjects (Psychology, Demography, Economics, Political and Human Geography, Social Stats, Public Administration, Labour Economics)	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
International Entrepreneurship and Management	MSc	Business, Economics, Science, Engineering, IT, Management and Marketing, Communication, Education, Political Science, Sociology or similar	60% overall		Minimum of 65% overall (with minimum of 65% in Reading and Writing and a minimum of 60% in Listening and Speaking)
International Financial Markets	MSc	Accounting, Economics, Finance, Maths, Management, Engineering or similar Evidence of quantitative study required	60% overall		Minimum of 65% overall (with minimum of 65% in Reading and Writing and a minimum of 60% in Listening and Speaking)
International Law and Human Rights	LLM	Law or a degree with a substantial legal components with very good grades	60% overall		Minimum of 70% overall (with minimum of 65% in Reading, Writing, Listening and Speaking)
International Management	MSc	Business, economics, science, engineering, IT, management and marketing, communication, education, political science, sociology or similar.	60% overall		Minimum of 65% overall (with minimum of 65% in Reading and Writing and a minimum of 60% in Listening and Speaking)
International Music Management	MA	Any Performing Arts, Humanities, Business or Social Science subject	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)

International Security and Risk	MSc	Degrees in Social Sciences, Economics, History	60% overall		Minimum of 70% overall (with minimum of 65% in Reading, Writing, Listening and Speaking)
Internet of Things	MSc	Electronics, Computer Science, or a related subject (e.g. Computer Engineering, Telecommunications Engineering)	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Languages and Cultures	MA	Humanities or Social Science discipline, including (but not limited to): Modern/Foreign Languages, English Literature/ Comparative Literature, History, Film, Sociology, Anthropology, Cultural Geography	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Logistics and Supply Chain Analytics	MSc	Mathematics and physical sciences, economics, finance, engineering, computer science, or similar. Evidence of quantitative study required	60% overall		Minimum of 70% overall (with minimum of 65% in Reading, Writing, Listening and Speaking)
Luxury Brand Management	MA	Finance, Trade, Commerce, Management, Business, Administration, HR, Public Relations, Communication, Media, Marketing, Advertising, Journalism, Art Design, Fine Arts, Art History/History, Applied Sciences, Engineering, Architecture, Social Sciences, Sociology, Psychology, Politics, Law, Literature, Philosophy	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Maritime Archaeology	MSc	Archaeology, Anthropology, Geography, Biology, History or a related discipline	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Maritime Engineering Science: Advanced Computational Engineering	MSc	Marine Engineering, Naval Architecture, Ship Science, Aerospace Engineering, Mechanical Engineering, Electrical Engineering, Civil, Physics or Mathematics, Yacht and Powercraft design.	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Maritime Engineering Science: Marine Engineering and Autonomy	MSc	Marine Engineering, Naval Architecture, Ship Science, Aerospace Engineering, Mechanical Engineering, Electrical Engineering, Civil, Physics or Mathematics, Yacht and Powercraft design.	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Maritime Engineering Science: Naval Architecture	MSc	Marine Engineering, Naval Architecture, Ship Science, Aerospace Engineering, Mechanical Engineering, Electrical Engineering, Civil, Physics or Mathematics, Yacht and Powercraft design.	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)

Maritime Engineering Science: Ocean Energy & Offshore Engineering	MSc	Marine Engineering, Naval Architecture, Ship Science, Aerospace Engineering, Mechanical Engineering, Electrical Engineering, Civil, Physics or Mathematics, Yacht and Powercraft design.	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Maritime Engineering Science: Yacht and High-performance Craft	MSc	Marine Engineering, Naval Architecture, Ship Science, Aerospace Engineering, Mechanical Engineering, Electrical Engineering, Civil, Physics or Mathematics, Yacht and Powercraft design.	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Maritime Law	LLM	Law or a degree with a substantial legal components with very good grades	60% overall		Minimum of 70% overall (with minimum of 65% in Reading, Writing, Listening and Speaking)
Marketing Analytics	MSc	Marketing, Analytics, Engineering, Social Science, Statistics, Operations Research, Management Science, Information Systems, Pure Science, Computer Science or similar Evidence of quantitative study	60% overall		Minimum of 65% overall (with minimum of 65% in Reading and Writing and a minimum of 60% in Listening and Speaking)
Marketing Management	MSc	Business, economics, science, engineering, IT, management, marketing, communication, education, government, linguistics, political science, sociology, or similar	60% overall		Minimum of 65% overall (with minimum of 65% in Reading and Writing and a minimum of 60% in Listening and Speaking)
Master of Public Administration	MPA	Any background in Social Sciences (Politics, Public Admin, Economics, Sociology, Social Policy etc) or Business (Management)	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Masters of Laws	LLM	Law or a degree with a substantial legal components with very good grades	60% overall		Minimum of 70% overall (with minimum of 65% in Reading, Writing, Listening and Speaking)
Micro and Nanotechnology	MSc	Electronic Engineering or a closely related subject	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Microelectronics Systems Design	MSc	Electrical Engineering or Electronic Engineering	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Mobile Communications and Smart Networking	MSc	Communication Engineering, Electronic Engineering, Electrical Engineering, or in a closely related subject	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)

Music (Composition)	MMus	<p>Degree in Music or a related subject</p> <p>Practical work experience or professional qualifications within the relevant field of study can be considered on a case-by-case basis</p> <p>Portfolio of 2 to 4 compositions totalling 15 to 20 minutes of music (including score sheets), showing your range and compositional techniques.</p>	60% overall	<p>Plus, portfolio of 2 – 4 compositions. These should total 15 – 20 minutes of music, showing your range and compositional techniques.</p>	<p>Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)</p>
Music (Education)	MMus	<p>Degree in Music or a related subject</p> <p>Practical work experience or professional qualifications within the relevant field of study can be considered on a case-by-case basis</p> <p>Samples of recorded performance; 1-2 contrasting pieces for a total of 10 to 20 minutes, showing your technical proficiency and interpretive ability</p>	60% overall	<p>Plus, samples of recorded performances to include 1-2 contrasting pieces for a total of 10 – 20 minutes, showing your technical proficiency and interpretive ability.</p>	<p>Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)</p>
Music (Musicology)	MMus	<p>Degree in Music or a related subject</p> <p>Practical work experience or professional qualifications within the relevant field of study can be considered on a case-by-case basis</p> <p>Two samples of written work, between 1500 and 2500 words each, on musicological questions of your choosing</p>	60% overall	<p>Plus 2 samples of written work. These should be between 1,500 and 2,500 words each on musicological questions of your choice.</p>	<p>Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)</p>
Music (Performance)	MMus	<p>Degree in Music or a related subject</p> <p>Practical work experience or professional qualifications within the relevant field of study can be considered on a case-by-case basis</p> <p>Samples of recorded performance; 2 to 3 contrasting pieces for a total of 20 to 30 minutes, showing your technical proficiency and interpretive ability</p>	60% overall	<p>Plus, portfolio of 2 – 4 compositions. These should total 15 – 20 minutes of music, showing your range and compositional techniques.</p>	<p>Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)</p>

Oceanography	MSc	Any science or maths subject, e.g. physics, chemistry, biology, other biological science disciplines e.g. zoology, environmental science, geology, natural sciences, relevant engineering disciplines	60% overall		Minimum of 70% overall (with minimum of 65% in Reading, Writing, Listening and Speaking)
Operational Research	MSc	Strong Mathematics background	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Operational Research and Finance	MSc	Strong Mathematics background	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Optical Engineering	MSc	Electronic Engineering, Information Engineering, Material Science, Optical Engineering, Physics, Telecommunications	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Philosophy	MA	Degree in Philosophy or a relevant subject Two samples of written work, approximately 2,500 words in length each and relevant to philosophy	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Project Management	MSc	No specific subjects	60% overall		Minimum of 65% overall (with minimum of 65% in Reading and Writing and a minimum of 60% in Listening and Speaking)
Psychology	MSc	Psychology or appropriate conversion course (www.bps.org.uk)	60% overall		Minimum of 70% overall (with minimum of 65% in Reading, Writing, Listening and Speaking)
Risk and Finance	MSc	Risk, Finance, Science, Engineering, Economics, Business or similar Evidence of quantitative study	60% overall		Minimum of 65% overall (with minimum of 65% in Reading and Writing and a minimum of 60% in Listening and Speaking)
Risk Management	MSc	Business, Engineering, Sciences, Finance, Economics or similar Evidence of quantitative study	60% overall		Minimum of 65% overall (with minimum of 65% in Reading and Writing and a minimum of 60% in Listening and Speaking)

Social Research Methods with Applied Statistics	MSc	Statistics, Quantitative Analysis, Research Methods, Mathematics, Economics, Geography (with evidence of basic knowledge of quantitative analysis), Population Studies (with evidence of basic knowledge of quantitative analysis), Sociology (with evidence of basic knowledge of quantitative analysis), Health Sciences (with evidence of basic knowledge of quantitative analysis), Other Social Sciences (evidence of basic knowledge of quantitative analysis)	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Sociology and Social Policy	MSc	Sociology, Social Policy, Citizenship, Politics, Political Economy, Politics, Social science subjects (e.g. International Relations, Psychology, Demography, Economics, Political Geography, Social Statistics)	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Software Engineering	MSc	Computer Science, Computer Engineering, Software Engineering, Media Technology, E-Business or Information Technology	70% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Space Systems Engineering	MSc	Aeronautics/Astronautics (Aero/Astro): any student with at least one module covering Astronautics (passed with at least 2:1) Mechanical Engineering, Applied Mathematics, Physics, Physical sciences: see other module requirements	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Statistics	MSc	Strong Mathematics background – degrees with both maths and statistics modules	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Statistics with Applications in Medicine	MSc	Strong Mathematics background – degrees with both maths and statistics modules	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Strategic Operations and Supply Chain Management	MSc	Business, Engineering, Sciences, Economics, IT, Management, Marketing or similar	60% overall		Minimum of 70% overall (with minimum of 65% in Reading, Writing, Listening and Speaking)
Sustainability	MSc	Environmental Sciences, Environmental Management, Geography, Urban & Rural Planning, Biology, Zoology	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)

Sustainable Energy Technologies	MSc	Engineering, Mathematics, Chemistry or Physics	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Systems, Control and Signal Processing	MSc	Electronic Engineering	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Textile Design	MA	No specific subjects	60% overall	Portfolio review	Minimum of 65% overall (with minimum of 50% in Reading, Writing, Listening and Speaking)
Translation and Professional Communication Skills	MA	Finance, Trade, Commerce, Management, Business, Administration, HR, Public Relations, Communication, Media, Marketing, Advertising, Journalism, Art Design, Fine Arts, Art History/History, Applied Sciences, Engineering, Architecture, Social Sciences, Socio	60% overall		Minimum of 70% overall (with minimum of 65% in Reading, Writing, Listening and Speaking)
Transportation Planning and Engineering: Behaviour	MSc	Engineering, Science, Technology, Geography, Environmental, Transportation Engineering/Management, Civil Engineering, Mathematics, Economics	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Transportation Planning and Engineering: Infrastructure	MSc	Engineering, Science, Technology, Geography, Environmental, Transportation Engineering/Management, Civil Engineering, Mathematics, Economics	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Transportation Planning and Engineering: Operations	MSc	Engineering, Science, Technology, Geography, Environmental, Transportation Engineering/Management, Civil Engineering, Mathematics, Economics	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
Water Resources Management	MSc	Environmental Sciences, Geography, Zoology, Oceanography, Biology, Geology, Physics	60% overall		Minimum of 65% overall (with minimum of 60% in Reading, Writing, Listening and Speaking)
