Key campus buildings:

Alan Berry

CV1 5FB

This was constructed in 1963 and has a prominent position on our campus overlooking University Square. This building is used by our Legal Services, Business Development, Registry and the Vice Chancellor's Office. This was named after Alan Berry who was the Director and Chief Executive for the West Midlands Engineering Employers' Association.

Engineering & Computing building

CV1 2JH

This is the newest building on campus, completed in 2012, and is used solely by our Faculty of Engineering & Computing. The £55m project delivered a highly sustainable building that uses a range of technologies including rainwater harvesting, solar thermal energy and biomass boilers. Facilities include a high-precision wind-tunnel, a £3m high-performance engineering centre, a Harrier Jump Jet, three flight simulators and the UK's largest magnet.

Graham Sutherland

CV1 5PH

Built in 1959, this building is used by our Faculty of Art & Design, predominately for the Design and Visual Art students, fitted with a full commercial fashion studio. This building was aptly named after the painter and print maker who created the world-famous tapestry *Christ in Glory* hanging in Coventry Cathedral.

The Hub

CV1 5QT

One of our most recent additions, completed in 2011, this is a modern, hi-tech building providing a welcoming social space for our students. Facilities in the building include a doctors' surgery, a multi-cultural faith centre, the Lanchester Art Gallery, employment services, catering services, as well as hairdressers, a food court and the Students' Union offices. This building also has a large fully licensed function space with bars and a multi-purpose venue space. The building achieved a BREEAM status of Excellent.

Enrolment and induction

ONCAMPUS has timed its start dates to ensure that students can join in with the university-student induction activities.

On your first day please bring your passport, visa, sponsorship letter (if appropriate) and original academic and English documents used to support your application. Once you have enrolled with **ONCAMPUS**, you will be able to register with the police as per your Home Office Regulations. Please remember that it is important to enrol as early as possible in the academic session.

The Induction sessions will give you the opportunity to meet key **ONCAMPUS** staff and other students on your course. You will learn about the University, the Centre and your programme of study, and join **ONCAMPUS** formally.

You will also receive information about the University's Library and services, student societies, and will complete the enrolment process whereby you join the University Centre formally.

List of documents you will need

When you attend enrolment, please bring the following:

- **Confirmation of Acceptance of Studies statement (CAS)**
- **Passport with valid visa**
- **Proof of payment OR sponsorship letter**
- **The original copies of the documents you used to support your application (for example, High School Certificate, AS Level results, IELTS Certificate, first degree certificates and other qualifications)**

Please remember: ONCAMPUS will only accept original documents.

Attendance

General attendance requirements

All classes are compulsory. The attendance requirements are explained in further detail in the 'Attendance policy and procedures' document. We expect 100% attendance in all classes. Non-attendance will result in disciplinary action being taken, including in very severe cases, exclusion from examinations or termination of your programme of study.

If you encounter problems of any nature which prevent you from attending classes you must inform the curriculum information officer at **ONCAMPUS** Coventry as soon as possible.

Additional attendance requirements

- Students are expected to be at the Centre during each term, arriving no later than the first day of teaching and not leaving before the last day.
- The attendance requirement includes the examinations, resits and results periods at the end of each term.

You are required to be in attendance on weekdays during each term. All students must inform the Attendance Officer as a matter of priority if they are absent as a result of illness or for any other reason.

A GP's medical certificate will be required for absences of more than two days. If you become ill and are unable to inform the Attendance Officer, you should arrange for someone to communicate with the officer on your behalf.

Making international calls

Keeping in touch with your family and friends at home is important. You should make sure that you have a way of communicating with them regularly. Today's technology makes this very easy. Your options include using the internet, international dialling cards and mobile phones. The option that works best for you will depend on your individual circumstances and you should look at which method is the most cost effective and practical.

Internet

Software such as Skype allows you to call landlines, mobile phones and other Skype users over the internet. Calls between Skype users are free of charge. Call rates from a Skype user to a landline and mobile phone vary, depending on country.

International calling cards

You can buy cards from a number of places including grocery stores and the Post Office. Again, rates differ based on which country you are calling and whether you are dialling a landline or mobile phone. The Post Office phone card features monthly offers (e.g. free calls on Saturdays to particular countries). See their website for further information.

Mobile phones

A number of mobile phone operators cater for the needs of international students. These companies, including Nomi and Lebara, offer very cheap calling rates to a number of countries overseas.

Opening a bank account

You will need to open a bank account when you arrive in the UK. There are a number of 'high street' banks in the UK and all will provide special student accounts. To open a bank account in the UK you will need:

- proof of identity (passport)
- proof of address (letter or receipt from your landlord/Accommodation Office)
- opening deposit
- Student Status Letter (this means you will need to wait until AFTER you have enrolled).

Visas

Immigration

Students from outside the European Economic Area (EEA) will need to apply for entry clearance, more commonly known as a 'visa', before travelling to the UK. For further information visit the 'Study Visas' section of the UK visas website at www.ukvisas.gov.uk. Visa and immigration regulations frequently change so please make sure you contact British Embassy, Consulates or High Commissions in your country to get up-to-date information on the visa application process, requirements and supporting documents for your visa application. We can provide support and guidance on visa issues for students who are already in the UK. So if you have any questions you can contact our General Office for advice about your case: +44 (0)207 815 7045.

Applying for a UK student visa

It is important that you follow the instructions given to you very carefully.

For further information on the application process and documents required please see the UK Visas website: <https://www.gov.uk/apply-uk-visa>.

When you apply for a General Student Visa (Tier 4) you must include a Confirmation of Acceptance for Studies (CAS) number.

- We will send your CAS details when you confirm your unconditional offer of a place to study and pay your deposit/full fees.
- The CAS number will be included in a letter called a 'CAS Statement'. This will also include important information needed for your visa application.
- Your CAS will not be sent more than three months before the start of your course.
- You can only apply for your visa three months or less before the start of your course.
- The start date of your course is published on your CAS Statement. If you plan to arrive later you must let us know. This is very important as we must inform the UK Visa & Immigration (UKVI) if you do not arrive on time. If you fail to inform us about your delay, there may be problems when you arrive in the UK with the Immigration Authorities.
- If you change your mind and want to study at another institution, you have to tell us before you come to the UK so we can cancel your CAS with UKVI, and you can re-apply for your visa with a CAS from a different institution.

Renewing your visa

If you are a current student and need to extend your student visa, you can obtain information on visa extension at: <https://www.gov.uk/tier-4-general-visa/extend-your-visa>. **ONCAMPUS** Central Admissions will be able to provide you with a letter for the Home Office or UKVI to say that you are enrolled on a course with **ONCAMPUS** and Coventry University. Please allow plenty of time to renew your visa.

Looking after your health

Full-time courses lasting six months or more

Students registered in the UK for full-time courses of six months or more are eligible to receive full health care from the National Health Service (NHS) regardless of country of origin. You will have the same rights to health care as a UK resident. This means that you register with a GP (local doctor), receive hospital treatment, treatment for pre-existing conditions and full maternity services. You have to pay for dental (teeth) services. In addition, optical (eye) services are not available on the NHS so you may have to pay for them.

Important: You may be eligible for help with the cost of prescriptions, dental and optical services on the basis of low income. For further information, please refer to the NHS website for details of NHS costs and exemptions: www.nhs.uk

Courses lasting less than six months

Students studying at **ONCAMPUS** for less than six months will need to pay for all healthcare treatment. For these students we strongly recommend taking out health insurance before coming to the UK. There is a GP practice for Coventry University students located in The Hub. **ONCAMPUS** students are encouraged to register there as early as possible.

Fees can be paid via the following methods:

a. International bank transfer

ONCAMPUS has partnered with peerTransfer as a fast and easy way to make international payments. This is the best way to send funds from overseas. By using peerTransfer you can be sure that your funds arrive on time and that **ONCAMPUS** will always receive the correct amount.

Payment by this method also means you do not have to pay any bank charges, which can be expensive; with peerTransfer the rates are clear so you can always be sure about the total cost of the transaction.

Over 40 currencies are available and they offer competitive foreign exchange rates. If you need help, they are always contactable. Please be aware that the process may still involve making a transfer through your bank.

b. Credit card (including Visa/Mastercard) or debit card

We do not accept American Express. A 2% fee is charged for payment by credit card. The following information is required:

- card number
- expiry date
- three-digit security code (from the signature strip on the back of the card).

To make a payment using this method, please call our Finance team on +44 (0)1223 347708.

c. Direct transfer of funds

Please see your pre-arrival information packs for bank account details. An additional GBP12 must be transferred with the fees to cover bank charges.

Important: A payment reference must be provided so that the College can identify funds on safe arrival into our account. This must be the student reference number as stated on your offer document. This reference means that we can then allocate the funds against your invoice accordingly. Failure to include a reference may mean we have to contact you again to establish proof of payment.

Sponsors

If your employer or government sponsors your study, we will require a letter from them confirming the following details:

- your name and course
- the amount of fees they will be paying (for example, 100%)
- the contact name, company name, telephone number and address where we should send the invoice.

Please note: student sponsor invoices will be payable in full within 30 days of receipt of invoice. If your sponsor does not make payment, you will be personally liable to pay the full amount of tuition fees.

Refunds

Acceptance of an **ONCAMPUS** offer on payment of the minimum stated deposit constitutes a binding contract between the student and **ONCAMPUS**. Tuition fees are non-refundable except in the case of visa refusal. Should a student be refused a visa, evidence of refusal and a written application to withdraw must be made available to **ONCAMPUS** before any refund can be initiated.

ONCAMPUS will check with the appropriate British Embassy/High Commission that the refusal is genuine and will charge an administration fee of £100 if a refund is given. Tuition fees are non-refundable after the course has begun. Any notice to withdraw or cancel must be made in writing. If the cancellation is received before the start of term we will charge the forthcoming term's tuition fees. If the cancellation is made after the start of term then we will charge both the current term's and the following term's tuition fees.

Financial issues

Student Support operates in close liaison with the Students' Union Students' Advice Bureau in assisting and advising students who are in financial difficulties. Students are responsible for managing their own budgets and for some this presents a problem. If you encounter any problems please contact the **ONCAMPUS** Coventry reception desk as soon as possible.

Council tax

Students registered full-time at **ONCAMPUS** are generally entitled to claim a discount or exemption from Council Tax. If you are living in non-University accommodation, at some point during the year you are likely to receive a demand for payment of Council Tax from the Local Authority.

To prove that you are a student, you should contact the **ONCAMPUS** Coventry reception desk who will supply you with a 'Student Confirmation of Enrolment' letter, which you can then send to the Local Authority. The Local Authority will then decide if you are entitled to a discount or full exemption.

The confirmation letter will show your current term-time address so please make sure you keep your contact information up to date at all times. Please also remember to request a new confirmation letter if you move house.

To qualify for a student discount/exemption:

1. You have to be registered as a full-time student.
2. You should be able to prove it (by means of the letter explained above). It is important that you keep this letter for the duration of one academic year of study. Replacements for lost or incorrect letters due to change address during term time are available from your personal tutor free of charge.
3. Your course must be full time.
4. Your course must last for a minimum of 24 weeks during the academic year.
5. You have to live with other people who are also exempted from payment (usually other students).

Any students withdrawing from an **ONCAMPUS** programme of study will be reported to the UK Visas and Immigration and the British Embassy/High Commission in their home country as a curtailment of their programme. **ONCAMPUS** reserves the right to withdraw a previously available programme of study at its own discretion. Where a student is unable to enrol in a similar course at **ONCAMPUS** and the enrolment is cancelled then all fees will be refunded.

If a house or property is occupied entirely by full-time registered students then the entire household is exempted from Council Tax. This includes the halls of residence and University-owned student houses, which are occupied entirely by students.

It also applies to private accommodation which is occupied entirely by students. Houses with one or more non-student residents will have to pay Council Tax (at least 75%).

Please remember that payment of Council Tax is a matter between individuals and the Local Authority. Except in certain circumstances (for example by issuing a Student Confirmation of Enrolment letter) **ONCAMPUS** has no responsibility in these matters.

Student representatives

Students from each course are elected by their peers to represent the views of students at the Staff-Student Liaison Committees. These meetings happen once a term and are designed to improve the management and enhancement of their programmes of study.

Staff and students consult each other on all aspects of their learning experience and future developments. Students will communicate with their peers on their courses and attend meetings to discuss this feedback in Centre and then with the other student representatives nationally once a term.

It is a chance to really make a difference, to improve your student experience. It's a great thing to put on your CV and will impress prospective employers.
